My Holiday Book Selections 10 Books That Will Boost Your Job Search!

By Karen Bragg-Matthews

Most people would rather stay in a job that they hate rather than embark on a job search. I admit the idea of a job search can be daunting; especially if you have not looked for a job in a while. I want to share with you some of the books that will make this process a little easier. Each of the books listed takes a different approach to your career search; so I am sure you will find one book which will inspire you to take action. These books have many practical tips and tools that will help you get started.

The only way to get different results is to do things differently. We all have good intentions but, it's not easy to change old habits and move in a different direction. A life and career coach will help you explore new ideas and look inside yourself while holding you accountable for achieving your goals. Contact me, I can help you achieve your goals.
